

Contract Services

With 30 years experience in the manufacture of sera, LSP is an ideal partner of contract manufacturing and OEM services to the *in vitro* diagnostic industry.

-  **Quality commitment:** LSP is ISO 9001:2015 Quality Management System Certified. Every product manufactured is fully supported by complete documentation for complete peace of mind.
-  **Traceability:** LSP is a member of the International Serum Industry Association (ISIA) and is ISIA Traceability Certified providing clients with quality assurance for the provision of FBS products.
-  **Aseptic production:** All sourced materials are handled in Class 5 cleanrooms (ISO 7 rated laminar flow hoods) validated to ISO 13408-7:2012 guidelines for the aseptic processing of products that cannot be terminally sterilized.
-  **UK licensed facilities:** Antibody production managed by qualified licensees under veterinary supervision to Animal (Scientific Procedures) Act 1986 (ASPA) / European Directive 2010/63/EU standards.
