

# Custom Manufacturing

Custom manufacture of cell culture media, buffers and reagents as research grade and to GMP standards

As a UK-based CDMO, Life Science Production (LSP) can manufacture bespoke formulations to exact specifications. Manufacturing volume from 10 litres to 1000 litres provide flexibility for media evaluation as well as large scale production. LSP has over 30 years of experience in the manufacture of cell culture media and associated reagents.

# FEATURES

- Custom labelling
- Production from 10 to 1,000 litres
- All operations are carried out in our UK facilities
- ISO 9001 and ISO 13485 accreditation
- Manufacture in GMP Class C/Class D cleanroom facilities
- Manufactured using fully disposable, single-use systems
- Flexible packaging in bottles or industrial single-use (bulk) bags
- Manufactured to Standard Operating Procedures or to customer determined procedures, depending on requirements
